NEWMAN NEWS

NEWMAN FEST

Newman Fest was very fun this year! Joe built a “dump tank” to soak the students with and it was a great success! The students also got to enjoy yard games and line dancing after a delicious dinner of hamburgers and hotdogs. It was a great night and a great way to beat the heat, reconnect with friends, and meet new students!

Before the school year officially began, our student leaders participated in a one-day retreat to recenter themselves, spend intentional time with Christ, and plan for the semester. The night ended with some team bonding at Top Golf!

SEMESTER THEME:

We asked the student leaders what they wanted the theme to be this year and they voted on "Why am I still empty?" asking to learn more about how to fill our personal and communal reservoirs more effectively.

Our Wednesday night Mass and Soup nights have begun! We started the semester with a reflection, using rocks and sand, on how we find balance in our lives and the students reflected on whether God was their foundation and if not, what is?

The next week we had Dr. Feingold, a professor at Kenrick Glennon Seminary, talk about how we can fill our reservoirs with the sacraments. The students had a great conversation with him and some even got a copy of one of his books!

Sacraments

The Sacraments are the best way to grow closer to Christ, whether that be through the Holy mass, reconciliation, or Adoration. We offer confessions at 5pm and Mass at 5:30pm on Wednesday nights.

FALL RETREAT!

Do you have times when you feel empty and notice yourself wanting more? Join us as we dive deeper into our theme through talks, small group discussion, games, nature, and more. Rides will be provided.
